

Save the date for our annual Lightworkers Joy Retreat! October 23-25, 2009

*This is the one that should keep you laughing long after it's done...
we think! We're having as much fun planning as we believe you'll/we'll have
participating.*

~~~~~

When we went to check out the LIGHT ON THE HILL retreat center,  
we couldn't believe it. It's awesome. We were particular. Now,  
we're going crazy in fun, trying to cater to our kindred buddies in  
light---YOU.

Our hopes are that you leave feeling that you were engaged in the  
unity of like-minded peer friendships, the sweetness of  
pampered indulgences, the compassion of the many, the  
celebration of joy, and the totally all out hysterics that we hope  
to impart to each in participation.... This event is the "Good One"!

~~~~~

So, if you like popcorn/movie night (or healthier snacks, overseen by our on the premises yoga/nutritionist), hysterical moments, sweet wind down time, personal lightwork, massages, exceptional readings with masterful intuitives, your ears coned or feet detoxed, painted toes, good food, good people, healthy healings with incredibly amazing folks, the prettiest of nature (at peak season in the fall on top of the mountain of mountains), hands of light including the culinary chef that makes our meals, nature walks on gorgeous acreage, and many, many choices that should wrap you in love....

Rashid Lanie

Rashid Lanie is one of the most revered musicians of our time. He is a world renowned composer, producer and collective teacher. Rashid is known for musical workings all over our globe. His works with and for his holiness The Dalai Lama, Nelson Mandela, Paul Simon, The Prideland Lion King Album, hostings at the United Nations, the famous Agape Choir, and ever so much more, name only a few of this amazing man's accomplishments. His pure and most genuine nature reflect to all what a true and loving master would. This authentic, joyful and loving man is bringing to our Lightworkers' Joy Retreat many purely magical gifts. He is assisting collective energy works, as well as creating personal Soul Soundtracks (as glimpses into your soul's truth, as well as a healing experience for your life's eternal destiny). His plans also provide personal intuitive perspectives to assist in our overall growth. Assistance towards higher ascension, in conjunction with the channeled music that he is offering us this weekend, should prove to leave a blessed impact on all of our lives.

Sharon Silverstein

Inspirational folk/rock singer and President of Living at Peace

"I am a singer/songwriter for the past 25 years. I love to love and share the peace and joy of my life through music. My intention is for my music to move people to greater self-awareness and help them to realize their true nature, LOVE." Sharon Silverstein rocks people to greater self-awareness, unity, and world peace by combining powerful lyrics and motivational rhythms. Ms. Silverstein and The Peace Project touch the very soul, conveying ideas about unconditional love, grace and the great potential all humans have for true wisdom. Ms. Silverstein's lyrics hit you at a deep, almost subconscious level. Her resonate voice - a little bit Sheryl Crow, a touch Grace Slick and a smidgeon Janis Joplin - gives her music a transformational quality. Anyone who listens to her CD Alive gets a kind of Living At Peace spiritual boot camp.

She is a great teacher and healer and her book allows one to access pure divinity." Jacques Tombazian (Quebec, Canada) Author, Alchemist and Founder of the Global Healing Foundation. During the Lightworkers' Joy Retreat, Sheryl will provide a group channeling for the good of the entire whole.
